Chris made a few edits to his slides to correct some typos. These were made to the version Cindy sent last night.

Thanks

I made minor correction to slide 26 (Fugitives are not a part of storage tanks, dehyds and pumps)

Plus, added a red circle to 2nd emissions table showing minor sources accounting for 98% of the VOC emission from Tribal O&G VOCs.

I have also saved this to: I:\Restricted Share\U&O FIP\Communication\Tribal Consultation

Sorry all but here is another version of the slides. I deleted the two pie charts that had VOC and NOx emissions after talking with Chris and Cindy.
